

Read about the weather forecast in the UK and draw the symbols on the map!

In the extreme north it is snowing in Scotland and the weather is very cold. In the centre and north of England it is raining. In the west, in Wales, it is very cloudy. Even further to the west in Ireland there will be very strong winds.

In the south west and the south east of England it will be much warmer and tomorrow will be very sunny. Tonight there will be storms along the east coast of England and Scotland. We can expect thunder and lightning throughout the evening.

C. Now make a weather map for your country!
